It's time to say **BYE!** Issue 8 is history... **Right Here Right Now!** Hope you enjoyed it! The contents were written by John (me/editor), unless otherwise stated. Remember, **We ARE history...** *Lasagne!* was the world's first Oasis fanzine. Always has been. Always will be.
Beware of pale imitations!

Do you ever wonder why Oasis are constantly compared to The Beatles? It's because they were actually *in* The Beatles. No, it's true. Deep in the vaults, *Lasagne!* has uncovered this exclusive photographic evidence to prove it. Forget Pete Best, Noel and Liam Gallagher were the original members. Critics hang your head in shame!

If you want to order Issue 9 Of course you do! (or any back issues), fill out the order form below and you'll make sure of your copy. You'll be the first to get it too. ... and just like the little bunny rabbits, it's out at Easter-time! Hope to hear from you soon!

Cheers!

John
